

## Retail

### *Vitamins*

If a patient ever enquires about vitamins, we can always order them in, we have an account with BioCeuticals.

Or I use a cheap online shop like [vitaminshoponline.com.au](http://vitaminshoponline.com.au), they will often do online delivery for over a certain amount so I bulk up the order with healthy snacks or another lot of vitamins to get Free Express Delivery.

One patient to remember is: Jem Stewart, about twice a year we order her in Herbs of Gold Glucosamine Max tablets. Although we don't stock the Herbs of Gold vitamins, I always order them in for her. I get them from the [vitaminshoponline.com.au](http://vitaminshoponline.com.au), she then pays \$60 for them.
